Camp Highlights

LECTURES - Lectures are given on the fundamentals of the game. Remember it is through the proper execution of fundamentals that you will become a good basketball player.

DRILLS - Drills are used to teach campers the skills necessary to succeed and the notion of teamwork.

STATIONS - When performing stations, campers will be broken down to no more than 10-15 campers per basket. At each basket is one or more of our professional coaches. Each station will last approximately 20 minutes. During this time a specific aspect

INSTRUCTIONAL GAMES - We want every moment of the week to be a learning experience for every camper. It is for this reason that during games, if a camper makes a mistake or does not execute properly, one of our coaches will show him/her what he/she did wrong and how to do it right. It's another way of instructing our campers, and leaves them more knowledgeable and improved in their skills.

INDIVIDUAL INSTRUCTIONS - Our camp is known for offering that personal touch and giving the individual attention some campers may need to truly learn and understand the game more thoroughly. Staff is always available, on or off the court, to help campers improve their skills.

TEACH TO UNDERSTAND - We want every camper to understand the reasoning behind the methods we use. It is for this reason that our coaches take the time to explain the reasoning behind why you execute a certain way. If campers can understand the methods, they are more likely to comprehend and remember them after leaving camp.
